

# All About Music

Evaluation of the project

HÜMEYRA YÜCE 21 APR 2021 14:47

## HümeYra Yüce-Ulubey İmam Hatip Secondary School

### HümeYra Yüce(Teacher)

In this project my students improved their handcraft skills, creativity skills and used their hands by creating musical instruments from recyclable materials.They learned to be active in social life and get life skills. Students learnt about musical taste of peers from different countries and had ideas about other countries' music culture at the national songs activity.They improved communication skills via webinars, chats and twinspace..They introduced themselves by using target language and improved foreign language skills in this way.During our project, my students used technology actively and learned web2 tools. They learned using twinspace and enjoyed with a eTwinning project and understood that 'what is eTwinning' .

### Meryem (student)

I like listening to music very much so I enjoyed with this project.I introduced my favourite singers and prepared posters about them.I researched the life of Sezen Aksu .She is our national singer and I introduced her life to storyjumper.

### Ebrar(student)

I learned using canva and chatterpix in this project.I met lots of friends from other cities and countries.I like eTwinning project.

### Efe(sudent)

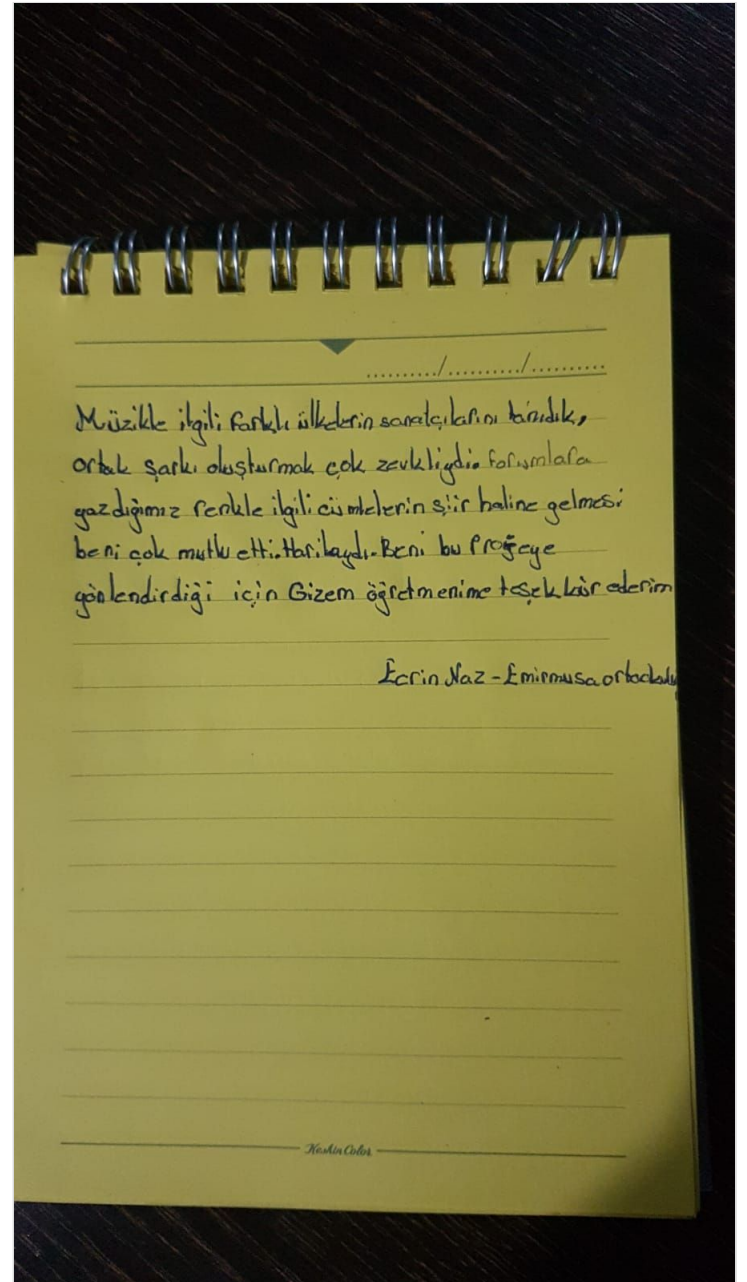

I learned lots of things with this project.I like the incredibox the most.After I learned it, I created different musics with incredibox in my free time.I enjoyed digital games.They are great.
